

Demo, Application, and Technical Standard Information

Instructions:

1. Complete the necessary questions below for the Application and please provide Demo Account information for testing. Only ATI staff will be reviewing the application for accessibility.
2. The required VPAT technical standards have been identified and sent to the Mason Requestor, please request this information from them or contact Sec508@gmu.edu. To learn more about the Section 508 standards visit the website at www.section508.gov under **Section 508 Standards**.
